

Children are at the heart of Harting C of E Primary school and our aim is to develop a 'learning family', within a Christian ethos, in which everyone is a learner. We have talented teachers who provide challenging learning opportunities which promote intellectual curiosity, creativity and physical development along with moral and personal skills. By providing a rich, stimulating curriculum we ensure that our pupils are happy, confident and independent learners.

You are invited to come and visit the school at work appointments may be made via the school office.

I look forward to welcoming you to Harting School.

Best wishes

Fiona Mullett
Headteacher
