

Epic! Reading resource library

Dear Parents/ carers,

We have signed up to an online resource which we hope you will like and which we hope will provide you with plenty of reading material to keep your child busy. Each class has a separate log in code – please see below for details of this.

There is a wide range of reading materials in each class so it should be possible to find texts that are suitable for your child's reading level and interests. However, if you wish to, please feel free to browse the content of a class above or below that of your child. If you do this, you will need to select the 'guest' option as your child's initials won't be there.

To sign in and start using your account, please follow the instructions below:

Laptop or Chromebook

1. Go to www.getepic.com/students
2. Enter class code (below), click on child's initials and they're in!

iOS/Android

1. Download the Epic! App
2. Open the Epic! App
3. Enter class code (below), click on child's initials and they're in!

Class log ins:

Rother: UIY0184

Warren: JBR1337
